1	3L Development	3L Development is operational since 1988 and registered as an NPO in 2001. The organisation believes everyone should live in light and finding a sustainable solution to poverty alleviation. For over 20 years, 3L Development has specialized in Early Childhood Development, Governance & Transformation, Socio Economic programmes, Project Management and Training related projects. Our current client DSD is pioneering in Barkly West our community centre serves meals daily to the elderly, host awareness campaigns, youth development and empowerment, back to school campaigns, and have a clothing bank. At our Warrenton office there are a caregiver programme that support orphaned and vulnerable children. Throughout the Northern Cape 3L Development also facilitates an ECD Food Parcel programme funded by DSD.	Northern Cape: Kimberley, Warrenton, Barkly West, Jan Kempdorp Free State: Mangaung	Education: Encouraging access and availability of educators for local ECDs in disparate regions. Greening: The removal of invasive plants which choke landscapes and prevent natural vegetation from growing. Restoring landscapes and erosion dongas; building swales to prevent water runoff and building resilience into communities. Food security: The establishment of a network of homestead vegetable gardens to support nutrition and food security. The gardens are based on the principles of permaculture farming in harmony with nature, which - like the activities above - conserves land, soil and water and regenerates ecosystems. Community and public art: Via the Comprehensive communal planning training and development; as well as the rock art monitoring aspects of this project.	5	NC	1500
2	African Conservation Trust	African Conservation Trust is a broad based Conservation, Environmental and Heritage not for profit, public benefit organisation, that conceptualises and implements projects across South Africa. Founded in 2000, ACT prides itself on its innovative approach together with communities, addressing social, environmental and ecological issues. A founder member of FrackfreeSA and Project Rhino, ACT is pioneering a Conservation Economy model which embraces culture, environment, economic and social needs to develop resilient households and communities in the face of climate change. With a major focus on job creation ACT has a proven track record of delivering.	KwaZulu-Natal: Amajizi, Amangwane, Ithala, Malangane, Loziba, Mkhuze, St Lucia, Richards Bay Free State: Phuthaditjhaba Mpumalanga: Greater Kruger	Multidisciplinary: This SIP will capacitate +10 local smaller SIPs throughout the country to encourage artistic uptake amongst school goers. In this way, local smaller players get to scale and increase their impact.	17	KZN	2829
3	Afrika Tikken	Offering the concluding phase of the Afrika Tikken Group's Creative-Career 360° model, Afrika Tikken Services (ATS) focuses on the Career Development and Placement Programme. We provide career guidance, job readiness training, specialised training, and source learnerships, job placements (entry level and work experience) and bursaries for further learning for unemployed youth aged 19 – 35. Our programmes are designed to equip our beneficiaries with the appropriate hard and soft skills needed to enter the job market, as well as connect them to opportunities that will develop them into participating economic players.	National	Multidisciplinary: This SIP will capacitate +10 local smaller SIPs throughout the country with staffing, admin and M&E services. In this way, local smaller players get to scale and increase their impact.	20	Gauteng	1060
4	Assitej	ASSITEJ South Africa connects and supports arts practitioners, companies, organisations, institutions and schools across the country, who share a belief in the transformative difference that theatre and the performing arts make in the lives of children and young people. ASSITEJ SA serves to build the sector of theatre and performing arts for young audiences in South Africa through supporting and developing the network of artists, empowering education through the performing arts, creating strategies for access to the arts, and advocating for the role of the arts as an essential right of every child and young person. This network organisation has raised the profile of theatre for young audiences, and ensured access to the arts for close to a million children, focusing particularly on the most vulnerable and disadvantaged, and those living in rural or peri-urban areas. It has worked strategically with a range of partners to maximise benefits for children and youth, to synergise international and local opportunities, to activate the field, to pilot and model innovative projects, and then to replicate them across the country.	National	Arts: Training and deployment of art facilitators in schools throughout the country with staffing, admin and M&E services. Where art is encouraged and facilitated, school attendance improves.	100	WC	1650
5	Brownie Points Ltd	Brownie Points is an online network that empowers, tracks and celebrates good deeds. Since its inception in 2015, Brownie Points - together with various corporate and nonprofit partners - has launched impactful campaigns to engage communities meaningfully, including community cleanups, fundraising campaigns, food drives and more.	National	Multidisciplinary: This SIP will capacitate +10 local smaller SIPs throughout the country with staffing, admin and M&E services. In this way, local smaller players get to scale and increase their impact.	21	WC	1175
6	Community Organisation Resource Centre	The Community Organisation Resource Centre (CORG) Registration 017 – 659 NPO was founded in 2002. It is an NGO that supports the social, strategic and administrative practices of two social movements, namely The Federation of the Urban and Rural Poor (FEDUP) and the Informal Settlement Network (ISN). CORG support includes the practices of saving, data collection, peer to peer learning, the people housing projects, livelihood creation and engaging with government and other stakeholders in the urban space. CORG's mission is to support poor communities that are willing and able to help themselves.	National	Placemaking: Data gathering of local townships which will be used to improve the services available to these communities by the local municipalities.	20	WC	1800
7	Future Families NPO	Future Families main purpose is to provide holistic psycho, social and economic support to children and their families who are made vulnerable through HIV infection, poverty, abuse or being an asylum seeker or refugee. This is done through a comprehensive range of evidenced based services implemented at a grass roots level through a network of trained Social Workers, Social Auxiliary workers and community care workers. We ensure that all HIV + people are empowered through adhering to their treatment, receive support such as life skills, grief, GBV training on employment and entrepreneurship.	Limpopo: Phalaborwa, Greater Giyani, Greater Letaba, Greater Tzaneen, Marjaling, Lepelle Nkumpi, Bloemberg, Motemolle, Polokwane	Health: SEF participants will be trained as facilitators and community care workers and teamed with existing care workers and facilitators to render services within existing FF Health programmes. These Health programmes have a specific focus on dealing with HIV / AIDS and the physical and mental care of patients.	23	Gauteng	1332
8	Goedgedacht Trust	The Goedgedacht Trust with the vision creating thriving rural communities, was established in 1993 and is based on Goedgedacht Farm in the Swartland Municipality in the rural area of the Western Cape province of South Africa. The focus of the Trust's work in the different communities of the Swartland and West Coast municipalities (including Goedgedacht farm, the surrounding farms and the villages of Chatsworth, Riverlands, Riebeeck West, Riebeeck Kasteel, Koringberg, Porterville, Saron, Kalsbaai, Albotstad, Herman, Gouda, Bo-Pieterberg, Altatits) is to allow children and youth to unleash their potential, parents to create healthy functional family relations, and community members that change their living conditions – together growing thriving rural communities. Building sustainable social ecosystems, Goedgedacht follows a three-pronged approach where the work of the Pathways to Prosperity and Care for the Planet programmes are strengthened and integrated by the Goedgedacht Rural Academy. The pathways of development within communities will be galvanised into nourishing social ecosystems that gradually engage across the district, using the power of systems to promote change.	Northern Cape: Fraserburg, Williston, Sutherland, Victoria East, Richmond, Linton, Calvinia, Loeriesfontein, Nieuwoudtville Western Cape: Matieland, Kensington, Pnielands, Langkoverlands, Kalsbaai, Albotstad, Malmesbury, Chatsworth, Riebeeck West.	Food Security: establish seedling nurseries and community food gardens. Typical work includes fencing and securing sites, providing water infrastructure for irrigation, clearing weeds and making compost, soil preparation, planting, garden maintenance, harvesting, transport and distribution of crops.	6	WC	2000
9	Hlanganisa Institute	All programmes supported use a holistic and integrated approach that seeks to shift social norms and harmful cultural practices that exacerbate women and girls' vulnerability to GBV and serve as a barrier to accessing justice. Hlanganisa does this through partnerships with Community advice offices (CAOs). CAOs employ community-based paralegals who provide legal advice and human rights information in languages and formats that are accessible to ordinary people. The paradigmatic work done by CAOs offers a critical entry point into the justice system for communities who would otherwise not afford lawyers and be intimidated by the expensive, cumbersome, and complex justice system.	National	GBV Prevention: Hlanganisa seeks to improve access to legal services for GBV survivors in local communities.	100	Gauteng	2551
10	Johannesburg Inner City Partnership	The JICP works towards growth and transformation of the inner city with all inner city stakeholders, guided by an approved partnership agreement with the CoG. This is aimed at a clean, safe and welcoming inner city to the benefit of all inner city stakeholders, achieved through partnership building, collaboration, facilitation, collective advocacy and supporting inner city stakeholders via the sourcing of funds, incubation and institutional assistance. JICP efforts aim to ensure that there is increased job creation, skills transfer, youth and small business development, business retention and attraction, resource resilience and liveable, safe community development in the inner city of Johannesburg.	Gauteng: Johannesburg	Placemaking: Improving the condition of the inner city of Johannesburg, making it more welcoming for tourists and friendly for businesses to operate in.	20	Gauteng	1622
11	Lima Rural Development	Lima provides a sustainable and integrated rural development service to many rural communities through the establishment of appropriate institutions, local economic development and training to empower rural people, particularly women, in their own development efforts, in order to overcome poverty. Lima promotes dignified, sustainable and transformative community growth. As an organization, we support the simultaneous development of people and livelihoods in resource-scarce contexts, particularly in rural areas. Through well-integrated, field-based interventions, Lima leverages local economic development activities and the establishment of appropriate institutions to help alleviate poverty and build human capacity. Lima believes that an inclusive development process is critical for impactful and sustainable social transformation in rural and farming communities. Emphasis is placed on incorporating marginalized people, not only into development interventions, but also into the mainstream economy. We foster a collaborative platform for building strategic, multi-sectoral stakeholder partnerships with disadvantaged communities, and in so doing, we aim to advance the long-term empowerment of rural people. Lima also participates in evidence-based research and advocacy in order to influence current dialogue and public policy agendas relevant to rural and agricultural development.	Limpopo: Mopani, Vhembe, Waterberg, Capricorn KwaZulu-Natal: Ugu, King Cetshwayo	Health: provision of educational, physical and emotional support to new mothers with a focus on nutrition and food production – through the development of community gardens, within the clinics and schools, for mothers to access food. Lima aims to provide home based care which will commence before birth of babies, where mothers can join support groups and have access to critical information.	8	KZN	2080
12	Mineworkers Development Agency NPC	The Mineworkers Development Agency (MDA) is a Non-governmental Organisation formed in 1987 and registered in 1995 as an NPC (Section 21 Company). We are currently enjoying a Public Benefit Organization status in terms of section 30 of the Income Tax Act 58 of 1962 (as amended), with a mandate of providing sustainable socio-economic development initiatives to alleviate the negative impact of poverty, unemployment and inequality for former mineworkers and their communities in South Africa, Lesotho, Swaziland and recently in Botswana.	North West: Marikana	Nutrition: The development of 2000 food gardens in various wards in Marikana community. Education: Providing Support to 10 schools and ECD facilities in the local municipality. Greening: A greening and environment project in the Agri hub including Hydroponics, crop production amongst others. Health: Providing support and assistance services to Health Facilities in the local municipality, including home based care work, porters in clinics and hospitals and Covid-19 marshalls in public municipal buildings for sanitization of hands, etc. Community kitchens: MDA will centralize three community kitchens that will support 15 ECD facilities with nutritious meals to ensure children below the age of 7 have access to sufficient nutrition and avoid stunting.	10	Gauteng	1500
13	NaFiBali Trust	NaFiBali (isiXhosa for "Here's the story") is a national reading campaign. It builds literacy skills and lifelong reading culture in homes, schools and communities. Its vision is a South Africa where every child, every day, enjoys a story. Since 2012, it has trained more than 41,000 people to read aloud and run reading clubs with children; supported more than 11,000 reading clubs in all 9 provinces; and distributed more than 116 million bilingual stories.	National	Education: organization proposes to employ 1 065 participants over the SEF period to improve children's and families reading habits and children's literacy skills. The 1065 participants who will be enrolled in the programme will run a family and community literacy programme which will be implemented nationally.	90	WC	1065
14	National Arts Festival Grahamstown NPC	The NAF NPC was registered in 2002 as a Non-Profit company to implement the annual National Arts Festival, develop the arts and art appreciate and contribute to the growth of tourism and the economy of the Eastern Cape. Based in Makhanda in the Eastern Cape, the NAF NPC is one of the only full time festival companies in the country, implementing an annual programme of major events in partnership with government, civil society and private sector stakeholders including the National Arts Festival, Sifest Africa (the national science festival), Masculine Choral Concert, the Regional and National Schools Festivals and for the first time in 2022, the Mandela Bay Arts Festival.	Eastern Cape: Makhanda, Nelson Mandela Bay	Placemaking: Overall improvement of the Makhanda (Grahamstown) and Nelson Mandela Bay municipalities with a specific focus on those areas and amenities dealing with the 3 main arts, cultural and science festivals. These festivals bring in significant revenues and additional benefits to these towns.	15	EC	1550

15	Network Action T/A Impande	Impande operates in 10 local municipalities in KwaZulu-Natal and the Eastern Cape. Our main office is in Port Shepstone. Impande works to improve access to, and quality of, community driven ECD programmes to give children aged 0 to 5 in marginalized communities a fair start in life. Impande provides a range of support to improve ECD practice which results in improved school readiness. This support includes fostering networks of ECD practitioners in order to enable co-learning as well as a flow of information between government, civil society and the private sector, providing nutritional support to enregistered ECDs, a WhatsApp help desk, assisting them to attain partial care subsidy, doing infrastructural upgrades such as construction of new classrooms, promoting child protection and upskilling practitioners. The Social Employment Fund will provide work for 980 ECD teachers from 550 existing community driven unregistered ECD centres in the targeted areas. These ECD centres, some of which have been operating for many years, are in some of the poorest wards in the country with little or no resources and very poor infrastructure.	Eastern Cape: Winnie, Umzimvubu, Ntabankulu, Matatiele KwaZulu-Natal: Ray Mkhonini, Umzimba, Umdoni, Umuzwabantu, Ulubhebezuwe, Umzimkhulu	Education: SEF will provide work for 980 ECD teachers at existing community driven unregistered ECD centres in disadvantaged communities. By providing steady stable income to these teachers, employment within the social and solidarity economy is increased. Further, as these teachers are providing a valuable service to the community, social value is created.	125	KZN	1004
16	Partners in Sexual Health	Partners in Sexual Health (PSH) is an evidence based, non-profit organisation with Africa Regional footprints that provides Sexual and Reproductive Health & Rights (SRHR) services - including HIV/AIDS and GBV services - to men, women and particularly adolescents and youth. PSH implements various SRHR programmes that are inclusive, rights-based and addresses the needs of young people in a holistic manner. Our programmes and services are accessible and appropriate for youth, including youth with disabilities.	National	GBV Prevention and Health: PSH will hire 2000 participants and train them under Qualified Health Promoters. These participants will work in the field of Responsible Sexual Health and drug-abuse, and will visit homes, schools and other community-based gatherings. These participants are trained to become facilitators / peer-mentors. PSH will monitor the output of this programme by the number of dialogues conducted, 1-on-1 sessions held and referrals to care entities such as clinics, and so forth.	25	WC	2027
17	Seriti Institute	Seriti is a non-profit development facilitation agency and public benefit organisation formed in 2009. They provide technical support, programme/project management and implementation, facilitate learning and promote civic-driven change. Seriti's work activities, through the various programmes, cover the support and growth for small scale farmers to improve food security (Work,Learn,Grow), capacitation of primary caregivers of children aged 0-8 (Iahe Bapalang), as well as social partnering, capacity building for NPOs (Seriti PARTNER), and civil society discussions (Seriti TALKS). They help communities and social partners reach their goals by delivering innovative, sustainable, and comprehensive solutions to enhance socio-economic impact. We believe in people and their capacity to be drivers of change and progress in pursuit of a society with more opportunities, building toward a better future. Seriti works in communities to hone capabilities in tandem with our social partners and community champions to create work opportunities, alleviate poverty and inequality, strengthen caregivers, and nurture stronger, food secure, and resilient communities.	Mpumalanga: Standerton, Bushbuckridge North West: Brits, Hebron, Bethanie, Bela-Bela Limpopo: Modimolle, Mookgopong, Giyani, Thohoyandou, Eim	Nutrition: participants working in a community farming and agribusiness initiative for low-income communities, targeting women and youth beneficiaries. It provides inputs and agroecology training. Education: Seriti works with a network of partners to support caregivers with the knowledge, skills, and confidence to provide a higher level of quality ECD support to the children in their care through experience-based learning.	121	Gauteng	3000
18	Siyakhohwa Development Foundation	Siyakhohwa is a public benefit organisation, established in 2001, whose focus and passion is on marginalised and disadvantaged communities in South Africa. We provide services which enable and empower disadvantaged and impoverished communities in South Africa and beyond to grasp opportunities and overcome poverty and joblessness. Siyakhohwa has endeavoured to restore belief and hope to poor communities where there has been little or no hope.	Eastern Cape: Mthatha, East London, Keisammahoek, Peddie, Gebebera	Education: The ECD initiative is intended to benefit both the learners and the Educators by providing support, alleviating their daily task and create a more conducive environment for education. Greening: cleaning of the public places and planting of trees will make the public areas in the communities more pleasant and sanitary. The food gardens will assist the practitioners in increasing their future employability via job experience and skills training.	5	EC	1097
19	Siyayuna Abalimi Development	Siyayuna Abalimi Development Centre (SDC) trains smallholder rural farmers on growing climate free vegetables, conduct in field mentoring and group farmers per community for monthly Farmer Associations meetings. This has enabled farmers to grow healthy food and feed their families and sell to their neighbours thereafter sell their excess produce to Kumnandi (SDC). SDC then sell to local restaurants and the health shops under the Kumnandi brand. This has provided SDC farmers to be able to earn an income.	KwaZulu-Natal: Gclima, Bulbine Farm, Kwa Nostha, Mvutshini, Oshabeni, KwaNyuswa Community Garden, Danganjya, Mahlongwa, Malangenji	Food Security: The training of younger subsistence farmers by older farmers thereby passing on cultural and best practices between generations.	10	KZN	1222
20	Small Projects Foundation	SPF is a registered trust since 1988. The main objective of the trust is to promote education and training to marginalised communities as noted in the trust deed. The interventions facilitated to date include the education and health sectors. These programs aim to provide practical support and education, while assisting the socio-economic development of poor communities, small entrepreneurs, unemployed and under-employed individuals. SPF has received funding from various funders such as Johnson & Johnson, Katerfos Norway, Charlize Theron African Outreach program, DG Murray Trust, USAID, IDC and other EPWP programs. They currently have 13 permanent staff and 400 contracted staff. SPF also has a call centre that is manned by qualified social workers. The proposed projects with the SEF funds will be to provide support to get drop out learners back to school, as well as health education and care to ca70 000 marginalised households in the targeted districts.	Eastern Cape: Buffalo City Metropolitan, Amathole District Municipality	Education: Participants will be allocated to the different schools, where they will trace learners who have been absent from school for a period of more than 5 days in a month. The reasons for absenteeism will be investigated and assess if there are any serious factors blocking the learner to return to school. Health: The second stream of participants will be utilised for health education, tracing patients that haven't been coming for treatment, and follow up at household level the HIV/AIDS & TB care patients. Health education will include education on Covid-19 vaccines and assist community members to register for vaccination.	80	EC	2000
21	Solidaridad Network SA Trust	Solidaridad is a civil society organisation that works throughout the whole supply chain to make sustainability the norm and enable farmers and workers to earn a decent income, produce in balance with nature, and shape their own futures. Equipped with an understanding that the majority of people living in Southern Africa are reliant on agriculture for their livelihoods and are especially vulnerable to the negative effects of climate change. We focus on supporting smaller producer to adopt good practices, have access to supportive business eco-systems and enabling policy environments, as well as ensuring market uptake of farmers' produce. To complement this approach, we integrate our four innovation areas - climate and landscapes, digital solutions, impact investment and gender and youth inclusivity into our programmes.	North West: Madibeng, Tladitstad and Mashamong Eastern Cape: Port St Johns & Mthatha, Chris Hani, East London, Amalialithi Gauteng: Eikenhof, Sedibeng, West Rand, Hammanskraal	Food Security: Training and equipping local subsistence farmers with the best practices and the use of good technological processes to improve yield.	15	Gauteng	1072
22	Stellcare NPO	As a registered Child Protection Organisation (Children's Act 38 of 2005), Stellcare Non-Profit Organisation ("Stellcare") delivers a range of social and community services with a focus on healthcare, education and nutrition. This includes community safety programmes, gender-based violence support (including counselling for victims and perpetrators), resolving and cleaning of informal settlements and affected communities, food security and nutrition (including operating 64 community kitchen providing 2 meals per more than 4500 individuals). Its 5 early childhood facilities provide early childhood development ("ECD") classroom support, school classroom assisted support, after-school care and school holiday engagement for 8 communities. The flagship Isoldabantwana/Eye-on-the-Child community-based care programme identifies vulnerable children, elderly persons and disabled persons in the community as part of the organisation's Early Intervention Program.	Western Cape: Idas Valley, Kayamandi, Cloeteville, Kleinrivier, Wellington	Nutrition: Stellcare has 50+ community-based kitchens. These operators are volunteers, poor and mostly women. The intention is to employ these volunteers and continue to replicate the programme to other communities. GBV: Trained participants will support social workers in identifying vulnerable persons, focusing on gender violence cases and TB patients needing monitoring of medicine take-up. Education: Participants will also assist social workers with school holiday programmes for school children and act as assistants to ECD practitioners.	6	WC	1035
23	The Craft Design Institute	CDI supports the development of creative practitioners and businesses at start-up, established and exporting levels, operating in urban, peri-urban and rural areas. We work with creatives operating in craft, design and light manufacturing; we support entrepreneurs and innovators in related sectors where design can commercialise innovation. Designers also provide significant value add into other sectors such as Retail, Manufacturing, Tourism and Hospitality, Construction and Community, Social and Personal Services. CDI services help creatives develop the right product for the right market using appropriate business and production systems. We link creatives into ever expanding national and international networks of market opportunities.	Western Cape: Khayelitsha, Mitchells Plain, Khayamandi, Du Noon, Athlone, Langa Limpopo: Capricorn, Waterberg and Vhembe districts Mpumalanga: Nkangala, Ehlanzeni and Gert Sibande districts KwaZulu-Natal: Zululand district Northern Cape: John Taolo Gaetsewe District (Kgalagadi)	Arts: Participants will collect and collate data relating to the communities within which they live; this will be used in turn to create artworks that represent themselves.	25	WC	1100
24	The Impact Catalyst	The Impact Catalyst is an initiative founded by Anglo American, Exxaro, CSR, IDC and World Vision International, to deliver socio-economic change on a regional scale. The vision and purpose of the Impact Catalyst is to establish inclusive, collaborative, cross-sectoral partnerships, initiatives and partnerships to achieve systemic socio-economic impact through public private partnerships. The initiatives are designed to leverage collaboration for collective impact, be cross sectoral and selected for impact beyond the scale of individual participants.	Northern Cape: John Taolo Gaetsewe District (Kgalagadi)	Greening: The work proposed involves training of 4,120 participants to be able to identify and remove bush encroachment and alien vegetation species, provide maintenance to water sources & infrastructure and rehabilitate the soils in provincial parks, previous and current mining areas and community buffer areas by incentivising removal through job creation and entrepreneurship in biomass value-added industries.	21	Gauteng	4120
25	The Learning Trust	The Learning Trust ("TLT") is a non-profit organisation that has been supporting grassroots after-school interventions for 13 years by investing funds, time and skills in over 180 organisations and schools to date. TLT is led by the executive director, Ms. Sibongile Khumalo who was appointed in 2019, taking over from Mr. Charles Anisile who had been leading the organisation since inception in 2010. TLT conduits grants and provides capacity support to emerging education initiatives. TLT incubates these exciting, early-stage education non-profit organisations, and have been working towards building a sector that can meaningfully contribute towards better education and employment outcomes for low-income communities. Over the last decade, TLT has increased, improved and extended learning opportunities for young people growing up in poverty and exclusion. TLT's grantee partners are After-School Programmes ("ASPs") that have provided critical education support directly to approximately 300,000 children and youth. This allows the children to succeed in school, discover their passions and ultimately become active participants in South Africa's economy and society.	National	Education: Participants develop their knowledge, skills and attitudes to implement top quality afterschool programmes in Safe-Hubs located in their communities; Provide tutoring and homework support to learners in Grade 8-12 at multiple sites across the country; and Provide support to learners and support the branches in programmes that run after-school and on Saturdays.	96	WC	3339
26	Thembaletu Development NPC	Thembaletu Development have 13 years' experience in implementing Public Employment Programmes such as the Community Work Programme (CWP) and the Expanded Public Works Programme (EPWP). Further they have 19 years' experience in implementing community development projects. Recent projects include being an implementing Agent for the CWP in the Eastern Cape (24 510 participants), Limpopo (24 556 participants) and Gauteng (21 225 participants) with a total participation rate of 70 291 participants for the 2021/2021 Financial Year. The organisation has a community development footprint in all 9 provinces of South Africa as well as Mozambique and Lesotho.	Western Cape: Winefields, Overberg, Khayelitsha, Cape Flats, Strand, Bergvliet, Swartland, Cedarberg, Saldanha, Stellenbosch, Drakenstein, Witzberg, Breede Valley, Langeberg, Theewaterskloof, Cape Agulhas, Overstrand, Swellendam Eastern Cape	Health: Thembaletu currently conducts home-based care for the sick and elderly. SEF participants will shadow existing social workers and learn vital healthcare skills such as sterilising premises, bed care of the indigent etc. Greening: Communities live in areas with poor unkempt common areas. SEF participants will clear illegal dumpsites, maintain parks and so forth in a bid to restore pride to community areas. Education: SEF participants will provide community assistance to schools such as cleaning of schools, scholar safety, assisting library and ICT staff.	19	Gauteng	3000
27	Violence Prevention Through Urban Upgrading NPC	Violence Prevention through Urban Upgrading (VPUU) finds its origins in the need to create safer and sustainable communities as proactive response to the high levels of direct violence - the violent crime we as citizens or fellow citizens experience, as well as structural violence - violence that is imposed because people belong to a particular cultural, ethnic background, sexual orientation etc. or institutional violence because depriving people in particular areas of access to opportunities to participate fully in the democratic society. This concept of Violence Prevention through Urban Upgrading was co-designed initially between the City of Cape Town, the community of Khayelitsha, the German Development Bank, and a team of dedicated local and international professionals. Over time, National Treasury, the Western Cape Government, and many more communities and role players joined the partnership.	Western Cape: Monwabisi, Lotus Park, Siquola, Harare, Gugulethu, Nyanga, Manenberg	Placemaking: Improve the living conditions of 10 townships with a focus on sanitation, greening, renewable energy and access to community Wi-Fi spots.	11	WC	1133
28	Wits Health Hub	The DSI-NRF Centre of Excellence (CoE) in Human Development (CoE-HUMAN) was established in 2014 and is the only Centre of Excellence established in the human and social sciences, and hosted by the University of the Witwatersrand. Under the directorship of Professor Shane Norris, it takes human development to be the processes, on an individual and social level, towards fulfillment, not only of basic needs but of values including freedom, security, achievement and belonging. From this point of view, human development refers simultaneously to the development of individuals across their lifespan from conception to death; inter-generational development through families, and socioeconomic development of individuals and groups through interactions with, among others, state provisions and supports. One of its flagship projects is the Wits Health HUBB. It engages youth who are not in education, employment or training (NEET) from the local area and provides NQF accredited training in community healthcare and supports the youth to conduct: - Community health screening - Health promotion - Health research	Gauteng: Soweto North West: Botlokong and Rustenburg	Health: The proposed project is envisaged to activate, organise and mobilise Community Health Workers in the local areas to improve health outcomes for the benefit of local communities in Soweto (Gauteng), Botlokong and Rustenburg (North West).	10	Gauteng	1000
