The IDC administers the Industrial Policy Support Fund (IPSF) on behalf of the Department of Trade, Industry and Competition ("**the dtic**"). This tender is therefore facilitated by the IDC on behalf of **the dtic**.

The purpose of the tender is to find a suitable service provider to conduct a study on the impact of the transformation pillar within each of the master plans and to develop a suitable overarching monitoring system or tool to track and monitor the progress of the transformation pillar of each of the master plans being implemented by **the dtic**.

3. Background Information

The 6th Administration has stressed the importance of policy implementation as a central feature to bring about prosperity and economic growth for both our country and her people. Cabinet, in June 2019, endorsed the Re-imagined Industrial Strategy (RIS) as the apparatus to support our policy implementation processes. The Reimagined Industrial Strategy (RIS) is the centre piece of government's vision coordinated by the Presidency and puts emphasis on concrete actions. It presents a multipronged approach to industrial development with emphasis on building partnerships with the private sector in order to unleash job-creating investment. The modality to operationalise the Reimagined Industrial Strategy is the application of a master-planning process that seeks to create a shared vision together with industry, government, and labour. In addition to RIS, on 15 October 2020, President Ramaphosa tabled the Economic Reconstruction and Recovery Plan at a joint sitting of parliament. The Plan is the culmination of work between government, business, labour, and community at National Economic Development and Labour Council (NEDLAC) and includes key commitments from each stakeholder to achieve its objectives. In implementing the RIS **the dtic** has developed strategic sector master plans, working with organised labour and key stakeholders.

The Department of Trade, Industry and Competition (**the dtic**) is mandated to facilitate economic growth, employment creation and the advancement of equity in the economy. The Industrial Competitiveness and Growth branch of **the dtic** is the custodian of industrial policy development, strategy, and planning for the support of key economic sectors to contribute to South Africa's economic growth and development. Further to this, the branch develops and implement programmes to strengthen the ability of manufacturing and other sectors of the economy, to create decent jobs and increase value addition and competitiveness, in both domestic and export markets. In this regard, the branch has developed several Sector Master Plans with the objective of growing industrialisation efforts.

The Sector Master Plans that have been developed to date through a collaborative process with stakeholders from the Department of Trade, Industry and Competition (**the dtic**) and its entities, business and labour set the groundwork for a shift towards improved sector growth, competitiveness, investment, employment, and transformation. Focused work is now needed at both a cross-sector and sector-specific level, to ensure continuous and impactful implementation of the Sector Master Plans. This tender therefore seeks to explore the transformation pillars of each Master Plan.

These master plans that have been developed to date are:

Notes: Disbursements (incidental expenses other than professional fees e.g., travel and accommodation, printing costs, venue hire, and equipment hire etc.) must be clearly defined, outlining all assumptions. It is of utmost importance to submit clear and comprehensive cost proposals to allow the IDC to fairly compare bid price / cost proposals. If there is no additional fee envisaged for Disbursements, then the bidder must clearly indicate “No Charge / Free of Charge”. Failure to clearly indicate this, would result in IDC penalising your bid response by taking the cost of the highest bidder and adding 50% thereto and apply this rate for purposes of price comparisons. Bidders are therefore requested to respond clearly and comprehensively on this aspect of their bid response.

The bidder must provide a detailed breakdown of the Disbursements as follows:
