### **2. BACKGROUND INFORMATION**

---

Infrastructure South Africa (ISA) is a central government agency responsible for coordinating and driving the national infrastructure investment programme, with the intent of improving infrastructure investment and delivery. This is accomplished through, inter alia, the development and implementation of high-impact infrastructure projects. ISA derives its legal mandate from the Infrastructure Development Act (IDA). The IDA (Act 23 of 2014) is aimed at fast-tracking regulatory decision-making and speeding up the implementation processes of strategic infrastructure projects. ISA implements its mandate in partnership with project owners.

In line with one of the State's priorities of the seventh administration, namely Priority 6 - A capable, ethical, and developmental state, ISA is cognisant of the need to enhance state capacity. This has necessitated the building of capacity within ISA to ensure that it offers the professional support required to various government departments and agencies. ISA would like to bolster its internal capacity through having access to a panel of service providers that hold selected professional skillsets that have been identified as being beneficial to ISA's mandate, on an as and when basis.

It is for this reason that the IDC, on behalf of ISA, wishes to appoint a panel of service providers in both the built environment and financial sectors, to be on a Technical Advisory Panel (TAP) that will be in existence for a period of 2 years.

### **3. SCOPE OF WORK/TERMS OF REFERENCE**

---

Infrastructure South Africa (ISA) is inviting interested service providers to be appointed on its panel of service providers for the provision of technical advisory services, herein referred to as the Technical Advisory Panel (TAP) hosted at the IDC. The appointment to the TAP will be on a two-year (24 month) fixed term contract, with a cap on the number of hours / days that could be contracted in each 12-month period.

The TAP will consist of several service providers that will have professionals who will provide independent, strategic, tactical and technical assessments of, and advice on, all matters of the infrastructure development life cycle, on behalf of ISA (Supporting the ISA mandate). This will include the development of business cases for various projects and programmes to access multiple funding instruments and providing technical input and advice on programmes and portfolio management to improve delivery of infrastructure across the 3 spheres of government. The TAPs collective expertise will cover a range of

specialties and sub-specialties related to the built environment, and finance sectors (business case, funding and financing specialists).

## 6. COSTING MODEL

Bidders are required to provide rates for the following resources. These rates must be firm for year 1 of the contract and will be considered as part of the cost evaluations of this tender. As the IDC intends to appoint a panel of service providers, all appointed service providers will be engaged on specific needs (as and when required). Bidders must use an estimated number of hours of 800 hours per resource/ specialist for evaluation purposes.

### Category 1: Water and Sanitation including Municipal Infrastructure Specialist

**Note:** The service provider's rate per hour to not exceed the Department of Public Service and Administration (DPSA) prescribed rate of R1 526.00 per hour (excl. of VAT), for Consultants contracted on a long-term basis, with full overheads (tools of trade, parking, telephone, office costs) at Level 13/14 (Published July 2020), or the revised gazetted rate within the bid period.

The bidder must provide a detailed breakdown of the Disbursements as follows:

Cost Element	Cost (VAT Excl)

Disbursements (incidental expenses other than professional fees e.g., travel and accommodation, printing costs, etc.) must be clearly defined, outlining all assumptions. If there is no additional fee envisaged for Disbursements, then the bidder must clearly indicate "No Charge / Free of Charge".
